Demon Shine

Pour on Shine

**Instantly gives
'demonic' paintwork shine
without polishing!**

How it works?

After washing the car body and rinsing it with Demon Shine, special hydrophobic substances contained in the product immediately adhere to the paintwork surface creating a water-repellent coating. Shining substances enhances the colour depth on all types of car paints.

After treatment the car looks like it has been traditionally waxed for a few hours!

Use Demon Shine after each wash to keep the showroom shine paintwork look of your car. It's that simple!

It's that simple!

Can be used in a Traditional way or with a Pressure Washer Machine
